

NEVER AGAIN

Never again will your People stand alone.
Never again will they be left without a home.
Never again will they think they have been abandon,
For all will know this is the place G-d has His hand on.

Never again will we dare avert our eye
From the lambs led away silently to die.
Never again let our country bar the doors,
To the tattered ships that flee from deadly shores.

CHO:

- (a) Never again, Never again, Hear O Israel, Never again.
Never again will you hang your head in shame,
For your G-d has brought you back to praise His name.
- (b) Never again, Never again, Now a kingdom has awakened to your pain.
Though around you gather all the hoards of Hell,
You'll face the power of G-d's love for Israel.

Never again allow the world to turn its head,
And pretend innocent blood has not been shed.
For our G-d has joined us spirit, flesh, and bone.
We shall be to you a wall of living stone.

CHO-

Bridge:

NEVER AGAIN, Never again will I close these eyes to sleep,
Till I remind My G of the eternal promise He must keep.
To exalt His Holy People and His Temple before men,
And cause all the earth to praise Jerusalem.

END Cho

- (a) Never again, Never again, **I promise Israel**, Never again.
Never again will you hang your head in shame,
For your G-d has brought you back to praise His name.
- (c) Never again, Never again, **I promise Israel**, Never again.
This is a warning to all the hoards of Hell,
You'll face the power of G-d's love for Israel.
You'll face the power of G-d's love for Israel.
When I lay down my life in love for Israel.
